

Account Reconciliation In OneStream

Seamless Reconciliations With One Source of the Truth

As a Diamond partner of OneStream, AMCO helps customers in facing the challenges in account reconciliations in a unique way by implementing a solution that is completely unified with their financial consolidation and reporting processes. No more bolt-on solutions and external data movements. Our solution operates within the same application, security, and user interface as OneStream's consolidation.

Key Benefits

- ✓ A systemic reconciliation cycle with one source of the truth
- ✓ Advanced dashboarding with tailored "action item" function
- ✓ A scalable solution, effectively handling large scale volumes
- ✓ Flexible and seamless management of various backing documents, Excel workbooks, and other ad hoc analysis
- ✓ Streamlined reconciliations with OneStream's auto reconciliation function
- ✓ Adding significant value
