# Advanced Tax Connect Tax Reporting Solution In OneStream

## Streamline the Complexities of Tax Reporting and Compliance

AMCO Solutions partnered with Advance Tax Compliance to combine our expertise in financial solutions with their specialised tax advisory services and bring together a tax reporting solution that meets our customers' current needs and helps them in navigating complex regulatory landscapes with confidence.

## Strategic Preparation for the Future

The Advanced Tax Connect solution, powered by the OneStream platform, serves various purposes, including structuring global tax reporting processes, data gathering, and compliance calculations. Our customers can leverage the solution for CIT return information, IFRS/USGAAP tax notes, global ETR reconciliation, Pillar II, and more.

## Components of Advanced Tax Connect

Our partnership with ATC ensures a comprehensive approach to managing these 3 components within the unified OneStream platform:

1. Tax Reporting Solution
2. Pillar 2 Compliance
3. Country by Country Reporting (CBC Reporting)

## Key Benefits

- ✓ Efficient and transparent tax reporting process
- ✓ Flexible OneStream solution that accommodates specific tax processes and requirements
- ✓ Reliable end-to-end support
- ✓ Specialised finance and tax expertise from AMCO and ATC
